BS IN INFORMATION TECHNOLOGY
Palawan State University
2013 - 2018

PROFILE

With 2 years of web development experience, I am dedicated to staying up-to-date with the latest industry trends and technologies. I am eager to work on diverse projects and collaborate with other developers to improve my knowledge and skills. I approach every project with enthusiasm and attention to detail, striving to deliver high-quality code that meets client needs.

EXPERIENCE

FRONTEND DEVELOPER (Partime)
Bluehive Ph - Quezon City, Metro Manila - Wfh
August 2022 - September 2022

Managed front-end development and worked collaboratively with the back-end developer and project manager on multiple projects. Spearheaded API integration and provided regular project progress updates on a daily and weekly basis, ensuring effective communication and alignment across all stakeholders.

FULLSTACK WEB DEVELOPER (Freelance)
WerOrg - Florida, USA - Wfh
January 2022 - April - 2022

Rebuilt the back-end application of an e-commerce site, incorporating translation capabilities and resolving minor onboarding issues, resulting in improved user experience. Implemented SEO-related improvements to enhance the performance of a live website. Managed the cPanel to upload code changes, ensuring seamless deployment and functionality of the website.

SOFTWARE DEVEOPER
Cloud Panda Phils Inc. - BGC Taguig, Metro Manila
October 2019 - March 2020

Played an integral role in developing government and internal websites, working closely with fellow developers to ensure their successful deployment. Collaborated effectively with QA testers to resolve issues and improve project functionality. Managed code uploads to Bitbucket and tracked task statuses using project management tools, ensuring that all team members were aligned and up-to-date on project progress.

JR. WEB DEVELOPER
International Payment Processing - PPC, Palawan
May 2018 - April 2019

Collaborated with junior and senior developers and the supervisor to complete various tasks. Successfully handled a solo project with guidance from experienced developers, showcasing independent and teamwork abilities.
